Sponsor and Exhibitor Prospectus

5 -7 November 2014

Hotel Grand Chancellor, Hobart

“We found the ACTS Conference worthwhile and valuable and were able to develop our relationships with many of your members and delegates. It brings together a group of passionate and interested people in the sustainability space, and of course we have a lot of fun. I’m looking forward to Tasmania already.”

Learn from others face to face. Share your own knowledge. Leverage off the expertise and experience of those in the education sector with access to campus practices - all in one place, at one time.

The 14th International Australasian Campuses Towards Sustainability (ACTS) conference will provide learning and networking opportunities for professionals and students working in all areas of sustainability across campus and surrounding communities. Coming together under the theme of ***“Bridging Divides: Connections for holistic sustainability”*** delegates will share new ideas and successes, whilst advancing knowledge of current and emerging themes.

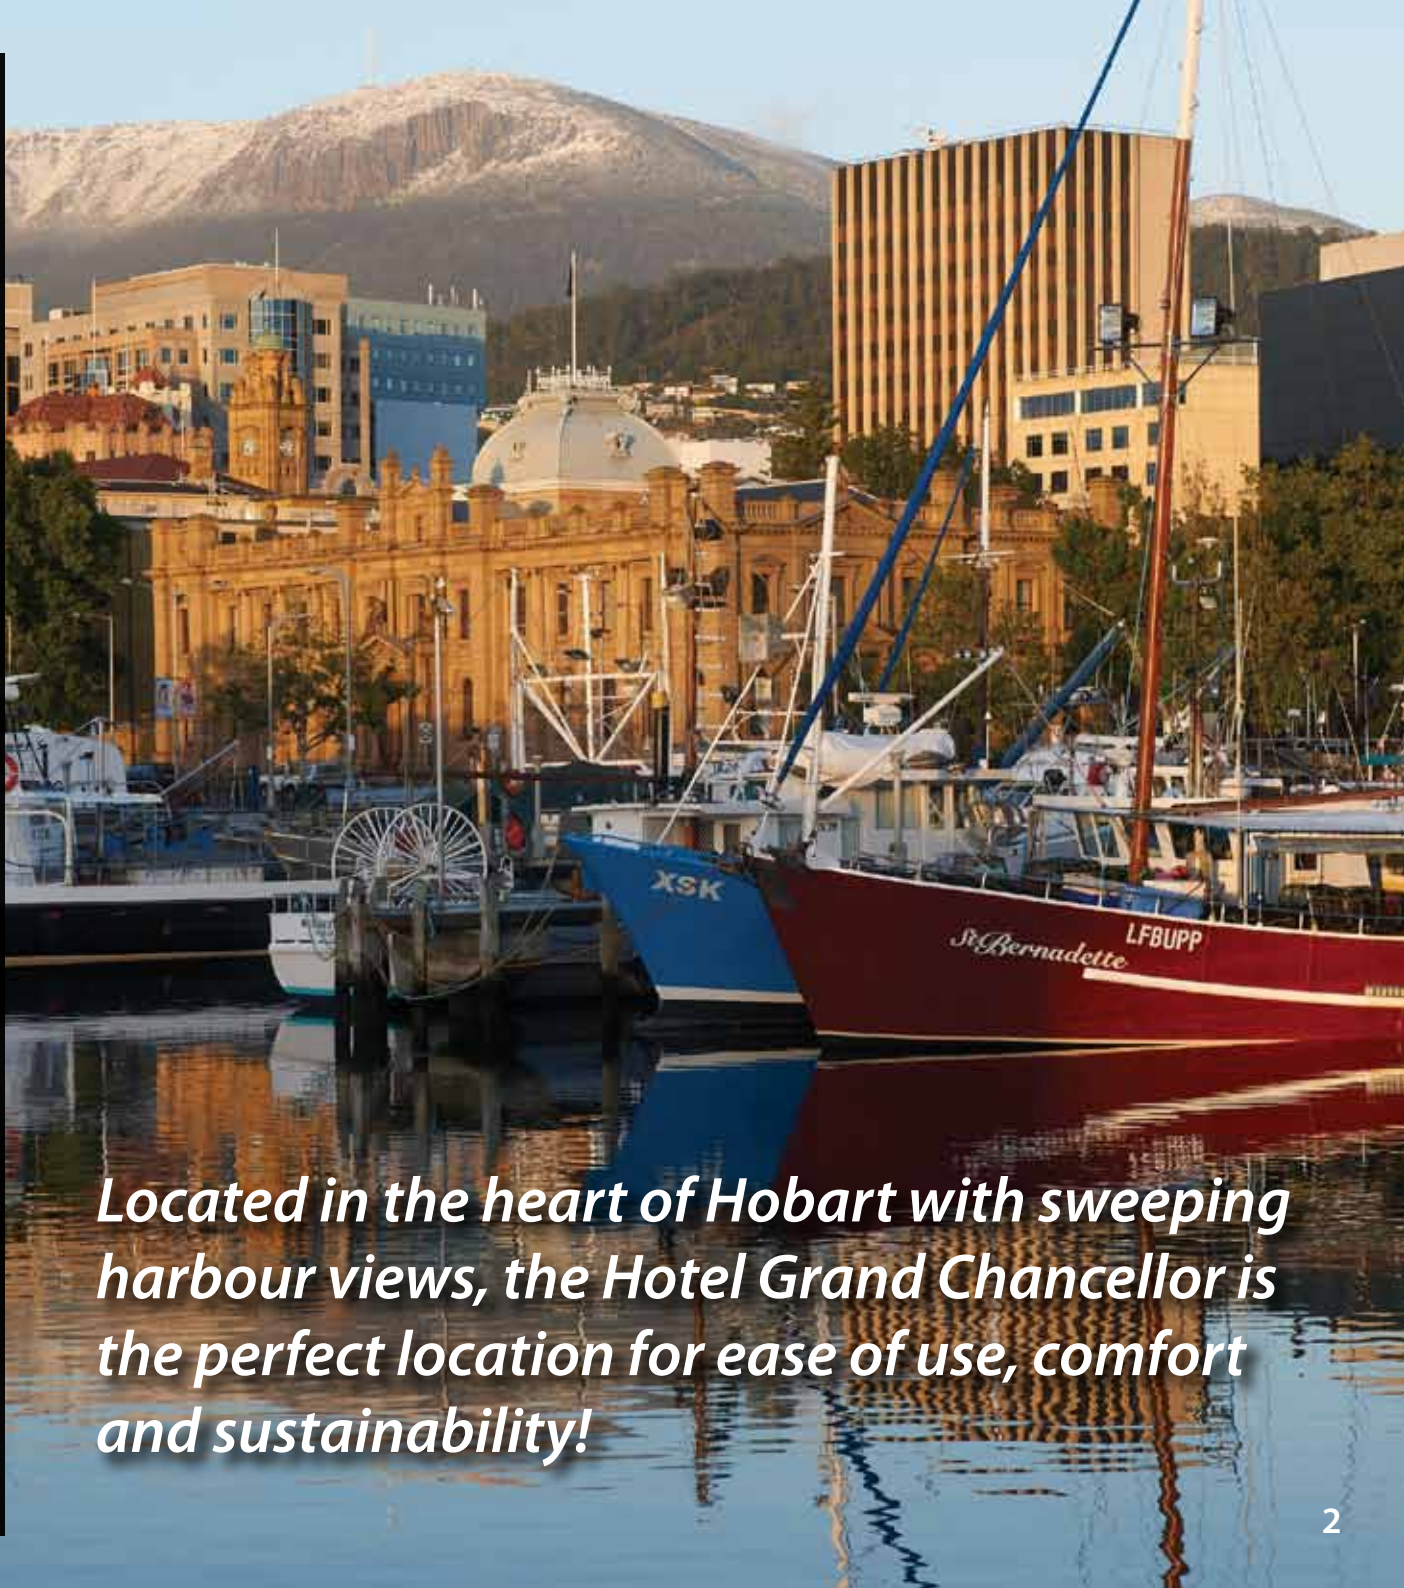

The event attracts participants that are actively engaged in sustainable initiatives within areas covering curriculum, environmental management, facilities, finance, social responsibility and community engagement, such as:

- Tertiary educators (professors, heads of schools, academics)
- Facility decision makers
- Environmental managers and practitioners
- State and Federal Government representatives
- Sustainability professionals
- Students and student leaders
- Vendors and consultants
- Other related professionals and professional organisations

The ACTS conference is a high profile event with strong government, industry and sector support. It continues to generate strong interest each year, as well as a loyal and growing contingent of attendees.

There is sponsorship and exhibition space available at the heart of the venue. All refreshment and food breaks across the day events will take place in the exhibition area, maximising networking opportunities with the conference delegation. There are also a number of additional opportunities to promote your brand recognition with advertising space in our conference delegate guide and Awards finalist brochure.

The conference is highlighted by a number of extremely popular social events. The welcome cocktail reception and fabulous conference dinner, incorporating the highly anticipated Green Gown Awards Australasia ceremony, are perfect for networking and recognition.

Located in the heart of Hobart with sweeping harbour views, the Hotel Grand Chancellor is the perfect location for ease of use, comfort and sustainability!

About the Awards...

The Green Gown Awards Australasia is the first and **only** award scheme dedicated to recognising excellence in sustainability within the tertiary education sector in Australia and New Zealand. Now in their fifth year, the Awards aim to recognise those institutions leading the way. Founded in the UK in 2004, the Awards have grown in size, reputation and prestige year on year, gaining high credibility and recognition within the sector.

Why are these Awards Special?

- Diverse range of categories from Learning & Teaching, Facilities & Services and Continuous Improvement.
- The categories are represented internationally. The UK Awards are celebrating their 10th anniversary.
- Provide sector bench mark for excellence – the Awards are well respected by other tertiary education organisations.
- Award reputation and prestige is growing year on year.

Run by ACTS, the 2014 Awards will be announced at a fabulous dinner and Awards ceremony on **6 November 2014 at the Hotel Grand Chancellor, Hobart**. For the first time, Australasia will also be host to the international Awards with winners being announced live across the time zones. This will be YOUR opportunity to meet, learn from and share sustainability best practice, within the higher and vocational education sector.

International Green Gown Awards

Building on the national successes, the international awards, created in 2012, allow UK and Australasian winners to compete for the international title in three categories. Now for the first time, Australasia will be host to the international Awards with winners being announced live in Hobart on 6 November 2014. With Australasia taking two of the three top honours in 2013, this is an event not to be missed!

Celebrating Success

The Green Gown Awards Australasia has seen 58 winners and highly commended, representing 34 institutions since its celebrated launch in 2010. The ceremonies at the prestigious National Wine Centre in Adelaide, 2011, historical Customs House, Brisbane, 2012, and the scenic Waterview in Sydney Olympic Park in 2013 have been a fantastic showcase and celebration of best practice in sustainability in the tertiary education sector. With an average of 140 guests from education, industry and government from Australasia and internationally, the Awards night is a shining example of how to recognise the success stories within the industry. Everyone is now trying to get their hands on one of these coveted green recycled glass trophies.
